It is recognized that no init CHICOMS office in the Hague voluntarily. If CHICOMS wished to raise further points on Lima, obvious place to have done it was in Warsaw meeting. We, therefore, reject grounds on which Chinese side has again unilaterally cancelled Feb. 20 meeting.

d. Nevertheless US side continues remain ready to meet with Chinese in Warsaw or elsewhere. Present Chinese position for first time since Knoblauch talks began does not give even general time frame for subsequent meeting. (May 1968 postponement suggested mid or late November.) Kreisberg would suggest April 17 reasonable period around which to consider rescheduling of 135th meeting and ask that this be put to Peking.

e. Finally, Kreisberg would indicate that US would make public in course of next few days fact that we had suggested rescheduling of meeting for April 17.

2. Request DoD advise by immediate (Hold for 24hr) apprising DoD, USIA, CIO whether approach outlined para. 1 above

is acceptable.

SUBJ: WARSAW TALKS

FOR AMBASSADOR BROWN

1. Kreisberg and Anderson propose seek appointment morning Feb. 19 at

CHICOM Embassy at which letter on prisoners would be delivered and following

approach made on CHICOM communication on 135th meeting (reftel):

a. Letter merely states that present atmosphere inappropriate for 135th meeting.

We would seek specific statement that they are cancelling meeting and will not
meet with us Feb. 20.

b. CHICOMS have cancelled last three proposed meeting times for 135th
meeting. US wishes to continue dialogue with CPR but in light CHICOM actions
it uncertain whether Chinese on their side wish to continue series of meetings.

c. If meetings have any purpose at all, it is to enable two sides to discuss
disputes and differences in private. Facts on LIAO Ho-shu case made clear by
US side and not denied by Chinese which by stating that Liao "betrayed" his
country, made clear in its public statement Feb. 6 that

It recognized that he left CHICOM office in the Hague voluntarily. If CHICOM wished to raise further points on Liao, obvious place to have done it was Warsaw meeting. We, therefore, reject grounds on which Chinese side has again unilaterally cancelled Feb. 20 meeting.

d. Nevertheless UN side continues remain ready to meet with Chinese in Warsaw or elsewhere. Present Chinese position for first time since talks began does not give even general time frame for subsequent meeting. (May 1968 postponement suggested mid or late November.)
